INTERESTS

CODING AND PROGRAMMING

GAME DEVELOPMENT

3D MODELLING

HACKING

EDUCATION

B.TECH CSE

Amity University, Noida
2020 - 2024
CGPA - 7.76 [as of 5th semester]

XII STANDARD [CBSE]

Oxford Public School
2020
percentage - 86%

X STANDARD [ICSE]

The Frank Anthony Public School
2018
percentage - 75%

SKILLS

| JAVA | C & C++ | Python | C# |

DBMS - | SQL |

Web Dev - | HTML | CSS | JAVASCRIPT |

PROFILE

I am a computer science and engineering student with a passion for coding, programming, game development, 3D modeling, and website development. I have experience in various programming languages and have worked on several game development, 3D modeling, and website projects. Recently, I designed and created a website from scratch, showcasing my skills in HTML, CSS, and JavaScript. I am constantly learning and seeking out new challenges to improve my skills and broaden my knowledge in these fields.

EXPERIENCE AND PROJECTS

WEBSITE DEVELOPEMNT

Created a responsive portfolio website using HTML, CSS, and JavaScript to showcase my web development and design skills. Implemented user experience enhancements and utilized Git Pages for domain management, gaining valuable experience in web development, design, and project management.

3D GAME DEVELOPMENT

Created a 3D game using Unity engine. Developed gameplay mechanics, utilized C# programming, added visual and audio effects, and improved user experience through playtesting. Gained valuable experience in game development, programming, and project management.

Link - [A Haunted Jaunt](#)

MOBILE APP DEVELOPMENT

Developed an Android application using Android Studio called 'Checkmate', which is a checklist task app designed to help users stay organized and efficient. The app features an intuitive interface, allowing users to easily create and manage their to-do lists, set reminders, and track their progress. Utilized the Java programming language and gained valuable experience in mobile app development, programming, and project management.
